Associate Member

Required Experience

The experience required for this (ISC)² credential is summarized below. Click a hyperlink to open a new page with more detailed information.

- **Associate of (ISC)²** - If you do not yet possess the professional experience required for certification, you can request to be an Associate of (ISC)². You are only required to pass the credential examination.
- **CISSP** - A minimum of five years of cumulative work experience in security professional work experience in two or more of the eight (8) domains of the (ISC)² CISSP CBK®. If you presently hold an active certification that appears on the (ISC)² Approved List, you may receive a one-year experience waiver. Alternatively, a four-year Baccalaureate degree, or regional equivalent, may be substituted for one year of experience. No more than one year of total experience may be waived.

Part-time experience cannot be less than 20 hours a week and no more than 34 hours a week.
 1040 hours of part-time = 6 months of full time experience
 2080 hours of part-time = 12 months of full time experience

Internship: Paid or unpaid internship is acceptable. Will need documentation on company/organization letterhead confirming applicant's position as an intern. If they are interning at a school, the document can be on the registrar's stationery. Interns may be gaining valuable experience without monetary compensation.
